DF03 Potash Derogation

Reason for use:

Application for approval to apply permitted natural potash products; including those within compound fertilisers (**See Annex F**)

Conditions:

Derogation approval must be gained from QWFC prior to the application of a fertiliser containing potash

- *Organic farms should aim to recycle potash within the system however, in certain circumstances derogation may be granted by QWFC for the use of permitted potash fertilisers
 - *A recent soil analysis for each field must accompany this form and if advice on fertiliser application has been sought, a copy of the FACTS registered advisors recommendation sheet;
 - *Derogation can only be granted to bring the K indices up to 2;
 - ***Derogation is only valid for the year of issue**
- QWFC may request further information before a decision can be made
